Robert Pool Administrator of Seth Pool, Sumter SC 1805-1806

In the Court of Equity for the united Districts of Kershaw Richland Fairfield Lancaster and Sumter

To the Honorable Hugh Rutledge William Marshall and William James Esquire Judges of the said Court

Humbly complaining herewith unto your Honors comes Robert Pool otherwise called Robert Petty Pool administrator of [illegible but must be Seth Petty Pool] deceased, that some short time before the death of your Orator's Father intestate, and about the year of our lord one thousand seven hundred and ninety or ninety one, one James Bates and your Orator's intestate entered into an agreement for the purpose of making a crop by uniting their hands and working them on the lands of the said James. Whereas your Orator has understood that your Orator's intestate furnished five or six task hands and the said James Bates a less number but how many your Orator does not know. That it was agreed between them that after defraying the expenses of the business the net proceeds of the said crop should be equally divided between the said James Bates and your Orator's intestate the said James Bates making no charge for land rent. And your Orator further charges that he understood and believes that his intestate departed this life about the time the said crop was made and before the same was gathered in and [can't read] James Bates received the whole of the said crop and applied the same to his [can't read] and your orator further charges that at the death of his said father all of his children (of which your orator is his eldest) were minors and very young and thus [there was] no person to attend to his affairs, administration of his estate was neglected to be the [can't read] until your orator arrived a the age of twenty-one years which lately happened. That on the [room left for a date but not entered] day of [again room for an un-entered date] last administration of all and singular the goods and chattels rights to and assets which were of and belonging to the said Seth was committed to your orator by William Taylor Esquire Judge of the Court of Ordinary of and for the district of Sumter; and that in and by virtue of the power vested in him as administrator aforesaid your orator has [can't read] to the said James Bates and in a friendly answer [suggested] to him to inform orator of the terms on which the said croping [can't read] and your orator' intestate. What was the net amount of the said crop and to pay over to him the balance which on fair assessment [can't read] should appear due to him as administrator aforesaid which your [orator] hoped the said James would have done so as justices said [that} he ought. But so it is may it please your Honor that the said James well knowing that your orator has no means of compelling [him] to do what is right in the promises in the ordinary, [can't read] and sheltering himself under your orator's ignorance of the true assessment of the crop so made, under various pretenses refuses to give your orator any information on the subject, or to render him any account thereof, or in any manner to come to a full and fair settlement with him. All which actions [can't read] refusals and pretenses are contrary to Equity and good [torn] to the manifest injury of your orator and the [torn] of your orator intestate. In tender consideration [torn] sin proper cognizable. To the end therefore that the said James Bates may be compelled full and perfect answer on his corporal oath to [can't read] to all the promises above set forth, as fully as if he were herein again thereunto specially interrogated and more especially, that he may set forth and discover the full amount of the crop so made, of which the sums consisted and the amount of expenditures thereon incurred as well on the part of the said Seth as the said James and may come to a full and fair account with your orator therefor and pay over to him what on such account shall appear to be justly due him. And that your orator may have such other and further relief in the promises as to your Honor shall seem consistent with equity and good conscience.

The answer of James Bates to the bill of complaint of Robert Poole administrator of Seth Poole, Complainant

The Defendant saving and reserving for himself all and all manner of advantage and benefit of execution to the many errors and uncertainties and false allegations in the said bill of complaint and for this and contained in answer thereunto or so much thereof as he is advised is material for him to make answer to answering saith… He admits that about the time in Complainants set forth this Deft and Complainant intestate did enter an agreement to make a crop of Indigo by uniting their hands and working them together on land not belonging to

Defendant but rented by him. This Defendant does not recollect [can't read] the number of hands furnished by the said Seth but agreeably to his recollection and belief there were four or five hands and a boy. That this Defendant put in five hands and he is under the impression at this time that [can't read] number of hands were employed by each party considering their qualities they were supposed to be equal and the said Seth furnished only one indifferent [can't read] and this Defendant furnished all the other work horses. This Defendant it was agreed between the parties that after deducting the expenses the crop should be equally divided between them. But this Defendant does not admit that the said Seth was to have the land rent free but on the contrary this Defendant does believe the said Seth was to have paid his due proportion of the rent for as this Defendant was actually paying high rent at the same time to wit the sum of about twenty eight pounds a year for the land they cultivated it can be reasonably expected that he would admit another to a full participation in a crop with an equal number of hands and pay all the rent himself and if such an agreement did exist he hopes Complainant will be required to produce it. Defendant further states that he actually furnished for the use of the Plantation all the provisions, plantation tools, indigo seeds and vats for the making of the Indigo himself. Or is there was any thing furnished by complainants intestate this defendant does not recollect it. He does not recollect exactly at what time the said Seth Poole died, but he well remembers it was a considerable time before the making of the crop was completed. Defendant further admits, it is true as complainant states that the children of the said Seth were all minors at the time of his death. But one Abraham Poole, brother of the said Seth, or some one in his behalf shortly after the death of the said Seth applied to this Defendant to give up said negroes to the said Abraham as a friend and guardian to the minor children of his deceased brother, to prevent them from being taken by others as the estate was much involved. This Defendant not thinking the said Abraham authorized to receive the property refused to let him have them untill he would administer upon the estate. Afterwards the said Abraham applied again for them and this Defendant not considering himself authorized to enter into any contract respecting them informed the said Abraham that he could neither deliver them up or refuse, not having any right to the negroes themselves. That the said Abraham must do in regard to them as he thought proper. A short time afterwards the said Abraham came in the night as this Defendant was informed and believes (as they were afterwards in his possession) and took the said negroes away and left Defendant to complete the crop with his own hands. That being so deprived of one half his labourers he was not able to make the crop so productive as might otherwise have been expected. Defendant admits he did receive the whole crop and apply the [can't read] to his own use but when it is recollected that he paid all the land rent himself furnished all the work horses, except one, supplied the plantation with all the provisions and plantation tools used on it, found the Indigo seeds and vats, and was then deprived of all the hands belonging to complainants intestate he conceives complainant cannot in equity and good conscience have any heavy demand against him. This Defendant doth further admit this complainant did apply to him for an account of the crop and to settle with him for the same. But he denies that he did refuse to come to settlement with him. But on the contrary he did agree with the Complainant to refer the same to arbitration whenever complainant would require it and to give him timely notice thereof which complainant agreed to do. But Defendant never heard any thing since from Complainant relative to the subject untill he was served with a subpoena to answer this bill now defending against him. Defendant says he cannot at present ascertain what was the amount of the crop made that year or the expenses attending it not having in his possession any documents by which the same can be proved. But he has always been ready and willing to enter into any reasonable negotiation with any person duly authorized and to pay to them whatever shall appear just and reasonable if any thing was due. All which matters and things this Defendant is ready to [swear] and prove at this honourable court shall direct and prays to be hence discharged with his reasonable costs and charges in this behalf most wrongfully sustained.

The answer of James Bates to the bill of complaint of Robert Poole Administrator of Seth Poole Complainant.

This Defendant saving and reserving to himself all and all manner of advantage and benefit of exception to the many errors and uncertainties and false allegations in the said bill of complaint set forth for answer thereunto or so much thereof as he is advised is material for him to make answer to answering saith. He admits that about the time in Complainants set forth this Deft and Complainants intestate did enter an agreement to make a crop of Indigo by uniting their hands and working them together on land not belonging to Defendant but rented by him. This Defendant does not recollect with precision the number of hands furnished by the said Seth but agreeably to his recollection and belief there were four or five hands and a boy. That this Defendant put in five hands and he is under the impression at this time that whatever number of hands were employed by each party considering their qualities they were supposed to be equal and the said Seth furnished only one indifferent horse and this Defendant furnished all the other work horses. This Defendant [illegible] it was agreed between the parties that after deducting the expences the crop should be equally divided between them.

But this Defendant does not admit that the said Seth was to have the land rent free but on the contrary this Defendant does believe the said Seth was to have paid his due proportion of the rent for as this Defendant was actually paying high rent at the same time towit the sum of, about Twenty Eight pounds p^r year for the land & they cultivated it can be reasonably ~~ex~~ expected expected that he would admit another to a full participation in a crop with an equal number of hands and pay all the rent himself and if such an agreement did exist he hopes Complainant will be required to prove prove it - Defendant further states that he actually furnished for the use of the Plantation all the provisions, plantation tools indigo seeds, and vats for the making of the Indigo himself. Or if there was any thing furnished by complainants intestate this defendant does not recollect it. He does not recollect exactly at what time the said Seth Poole died, but he well remembers it was a considerable time before the crop was completed. Defendant further admits, it is true as complainant states, that the children of the said Seth were all minors at the time of his death. But one Abraham Poole, brother of the said Seth, or some one in his behalf shortly after the death of the said Seth applied to this Defendant to give up said negroes to the said Abraham as a friend and guardian to the minor children of his deceased brother. ~~[illegible]~~ to prevent them from being taken by others as the estate was much involved. This Defendant not thinking the said Abraham authorized to receive the property refused to let him have them untill he would administer upon the estate afterwards the Abraham applied again for them and this defendant not considering himself authorized to enter into any contract respecting them informed the said Abraham that he could neither deliver them up or refuse them, not having any right to the negroes themselves. That the said Abraham must do in regard to them as he thought proper. A short time afterwards the said Abraham came in the night as this Defendant was informed and believes (as they were afterwards in his possession) and took the said negroes away and left Defendant to complete the crop with his own hands. That being so deprived of one half his labourers he was not able to make the crop so productive as might otherwise have been expected. Defendant admits he did receive the whole crop and apply the same to his own use but when it is recollected that he paid all the land rent himself furnished all the work horses, except one; supplied the plantation with all the Provisions and plantation tools used on it, found the [illegible] seed and vats, and was then deprived of all the hands belonging to complainants intestate he conceives complainant cannot in equity and good conscience have very heavy demands against him. This Defendant doth further admit that complainant did apply to him for an account of the crop and to settle with him for the same. But he denies that he did refuse to come to a settlement with him. But on the contrary he did agree with the complainant to refer the same to arbitration whenever complainant would require it and to give him timely notice thereof which complainant agreed to do. But Defendant never heard any thing more from complainant relative to the subject untill he was served with a subpœna to answer this bill now depending against him. Defendant says he cannot at present ascertain what was the amount of the crop made that year or the expenses attending it not having in his possession any documents by which the same can be proved. But he has always been ready and willing to enter into any amicable negociation with any person duly authorized and to pay to them whatever shall appear just and reasonable if any thing was due. All which matters and things this Defendant is ready to aver and prove as this honourable Court shall direct and prays to be hence dismissed with his reasonable costs and charges in this behalf most wrongfully sustained.

John Pitts vs Nazara P. Pool
24 July 1814

South Carolina
Camden District In Equity

To the Honorable Henry William Defarquare Theodore Gaillard Thomas Watin Waddy Thompson & William D. James Esquires Judges in the Court of Equity in the said State Humbly Complaining sheweth unto your Honor that your orator John Pitts of Sumter District that your orator lately purchased from Moses P. Pool five negroes which said negroes are the property of your orator that the said Moses P. Pool previous to the sale of the said negroes had the legal title of the said negroes. And your orator further sheweth that the said negroes named [no names given] are of great value and that they are worth the sum of twelve hundred dollars and your orator further sheweth that one Nazara P. Pool hat illegally obtained the possession of the said negroes without any legal or equitable title to the said negroes and your orator further sheweth having to obtain the possession of the said negroes he refused to deliver them up to your orator who is now the real owner of the said negroes and your orator further saith that the said Nazara P. Pool is not a man of substantial property that independent of the negroes he hath illegally obtained and which are now the property of your orator he hath very little property, not more than enough to pay the demand against the said Nazara as this your orator believes and your orator saith that he is informed and verily believes that the said Nazara P. Pool designs to use these said negroes out of this state. That he is [can't read] your orator is informed and doth verily believe in preparation to send the said negroes where your orator will perhaps be unable to find them which your orator avows is to avoid his claim against the said negroes and your orator further sheweth, If the said negroes are removed from this state or are sold within this state by the said Nazara P. Pool your orator will be defrauded of his claim against the said Nazara who may hereinafter prove insolvent if not now so in point of fact. And your orator further sheweth that these negroes were sold long since as the property of Seth Pool the father of the said Nazara P. Pool by virtue of an execution against the said Seth Pool as the suit of John G. Guinard and that Abram P. Pool at the Sheriff's sale became the purchaser and that the said Abram hath sold them to your orator and your orator further sheweth that the execution under which the negroes were sold was deposited in the office of Clerk of the Court Claremont County which hath since been destroyed by fire and the records therein contained burnt. And your orator further sheweth that he hath applied to the said Nazara P. Pool and requested him to deliver up to him the said negroes which in Equity and good conscience he ought to have done. But now so it is may it please your Honor the said Nazara P. Pool combining and confederating with diverse persons unknown to your orator contriving how to defeat and defraud your orator of the said negroes refuses to deliver them to your orator, pretending that the sale made by the Sheriff was a fraudulent one to defeat other creditors your orator avers that, it was a fair transaction and that the consideration money was not paid by the said Abram P. Pool. At other times he pretended there was no sale made and that the sale from the Sheriff was only a pretended sale when your orator avers that a sale did take place and the property was bid off and the money paid by Abram P. Pool for the negroes. At other times he pretends that the claim of your orator is a legal one and that the remedy at law is adequate when your orator submitts that the remedy at law is not sufficient to guard against the removal of these negroes and the consequent probable insolvency of the said Defendant.

In tender consideration whereof and for as much as your orator is without the remedy at law to compel the said Defendant to keep the said negroes in this state, the said Defendant well knowing that [fail] to the action at law would only be liable upon the return of Non ist inventus to a capias as satisfe ecumdum and that the other creditors would then come in with your orator if not totally exclude him. And moreover inasmuch as the legal proof of your orator is difficult to be procured by reason of the accidental destruction of the records among which was the execution which forms a part of the title of your orator. To the end therefore that the said Nazara P. Pool may true and perfect answers make to all and singular the promises and that the state whether the records of the said court have not been burnt whether he has not the said negroes in possession and whether he does not intend to remove them out of the state. And may it please your honors grant your orator a writ of ne exact republica enjoining the said Nazara P. Pool not to leave the state with the said negroes requiring him to keep the negroes in his possession untill the claims of your orator may be tried in some court of competent jurisdiction. And that the said Nazara P. Pool may be required to deliver up these negroes to your orator by a decree of this honorable And may it please your Honors to grant your orator a writ of subpoena to be directed to the said Nazara P. Pool requiring him to {can't read] appear your Honors at Camden on a day therein to be named upon his Corporal oath to answer to the bill of Complaint of your orator and your orator will now pray

Personally came before me John Pitts who being duly sworn maketh oath that the matters and things stated in the within Bill so far as they relate to his own knowledge are true and so far as they relate to the information of others he believes them to be true. Sworn to before me this 2nd July 1814. John Pitts

J. Carter Com

Upon considering the facts stated in the within Bill I am of the opinion that the complainant is entitled to a writ of ne excat therefore it is ordered that one do issue requiring the Defendant to give security in the sum of two thousand dollars not to remove the negroes out of the state but to abide the hearing and decision of the complainant's claim thereto.

J. Carter Com.

The answer of Nazara P. Pool to the Bill of Complaint of John Pitts Complainant

The defendant now and at all times hereafter saving and reserving to himself all manner of benefit of execution to the manifold errors and insufficiencies in the complainant said Bill of Complaint for answer thereto or to so much thereof as this defendant is advised is material for him to make and [swear] unto, he answers and says… he admits that the negro slaves mentioned in the bill are in his possession and that he never intended or intends to use them out of this state. He further says that his father Seth Pool as has this defendant has been informed and believed being involved in debt and an execution being obtained against him, the same was levied on sundry negroes belonging to him the said Seth and the said negroes exposed to sales by the Sheriff in the year of our Lord one thousand seven hundred and ninety-two among which was Sylvy, the mother of the negro slaves, the said negroes in the Bill mentioned that at the said sale the said negroes were purchased by Abraham petty Pool at an inconsiderable price and greatly below their value. That when the purchase of the said negro slaves was made the object and intuition thereof was known as this defendant hath been informed and believed that the said Abraham Petty Pool should hold the said negroes until out of the service of them should repay himself for the debts paid by him for this defendant's father and then that the said negro slaves should belong to the children of the said Seth Pool to it Robert Pool William Pool and this defendant. This defendant further states that that he has been informed and believed that his said father died shortly after the above sale and that since his death the said Abraham Petty Pool hath often declared that he purchased the said negro slaves for the benefit of the children of the said Seth Pool. That at the time of the purchase made by the said Abraham Petty Pool, this defendant and his brothers were very young, the eldest being now more than thirty years of age and when informed of their rights supposed that the said Abraham petty Pool would as soon as they should arrive at age comply with what he had said and deliver to them the said negroes and their increase. This defendant charges and so believes the fact to be that from the hire of the said negro slaves, so sold as aforesaid the said Abraham Petty Pool hath received much more than the amount he was advanced for this defendant's father the said Seth Pool. This defendant further states that Robert Pool this defendants brother has applied to the said Abraham Petty Pool on his own and his brothers behalf to deliver over to him the negro slaves purchased aforesaid, with their increase which the said Abraham Petty Pool refused to do. That this defendant is informed and believes that the said Abraham Petty Pool with the fraudulent intuition of defeating this defendant's and his brothers' claim to the said negro slaves purchased as aforesaid and their increase, has given to his son Moses Petty Pool the negro slaves in the Bill mentioned, without his paying therefrom any valuable consideration, the said Moses well knowing the right of the defendant and his brothers to the same and that the complainant has made a purchase hath purchased the negro slaves in Bill mentioned with the full knowledge of their being in the possession of this defendant and of his and his brothers' claims thereto. This defendant believes that the offices of the Clerk of the Court of Claremont county is as destroyed as in Bill mentioned but knows not whether the Execution therein mentioned was destroyed in it and denies that Complainant ever requested him to deliver up the negro slaves in the Bill mentioned. And this defendant denies all and all manner of combination and confederacy wherewith he stands charged in and by the said bill of complaint. Without that, that there is any other matter or thing material or necessary for the defendant to make answer unto, and not herein and hereby well and sufficiently answered unto, confessed and avoided, [traversed] or denied is true. All which matters and things this defendant is ready to aver and prove, as this honorable court shall direct and award, and humbly prays to be hence dismissed, with his reasonable costs and charges in this behalf most wrongfully sustained.

Seth died shortly after 1792

I hereby certify that some time in the year 1789 to the best of my recollection I was Seth P. Pool's security to the administrators of the estate of Robert Riley for a sum which I believe to be between thirty and forty pounds sterling---about 1791 or 92 the obligation were put in suite against Seth P. Pool and myself and judgment obtained in a short time after Seth P. Pool died. The execution was levied on my property and I had the debt and cost to pay which to the best of my recollection was fifty pounds three shillings and two pence sterling---some time after this I applied to Abraham P. Pool Brother of said Seth Pool to know if I could get any thing for the money paid on his brothers account he said his brother died insolvent and that he had nothing in his hands that belonged to his Brother--- but after considering further on the business said it was hard that I should pay so much money on account of his Brother and get nothing for it, and agreed to give me a small negro girl I suppose about 10 or 11 years of age which I accepted and gave him up the note an other papers relative to the Suite----he giving me a bill of sale for the negro----

The answer of Nazara P. Pool. to the Bill of Complaint of John Pitts Complainant

This defendant now and at all times hereafter saving and reserving to himself all manner of benefit of exception to the manifold errors and insufficiencies in the Complainant's said Bill of Complaint, for answer thereto or to so much thereof as this defendant is advised is material for him to make answer unto, he answers and says, he admits that the negro slaves mentioned in the bill are in his possession and that he never intended indended or intends to run them out of this State. He further says, that as has this defendant has been informed and believed that his father Seth Pool being involved in debt and an Execution being obtained against him, the same was levied lived on sundry negroes belonging to him the said Seth, and the said Negroes exposed to sale by the Sheriff in the year of our Lord one thousand seven hundred and ninety two. among which was Sylvy the mother of the negro slaves, ~~[illegible]~~ the said negroes in the Bill mentioned. That at the said sale the said Negroes were purchased By Abraham Petty Pool at an inconsiderable price and greatly below their value. That when the purchase purchase of the said Negro Slaves was made the object and intention thereof was known, as this defendant hath been informed and believes, that the said Abraham Petty Pool should hold the said Negroes, until out of the services of them he should repay himself for the debts paid by him for this defendant's father and then that the said Negro slaves should belong to the children of the said Seth Pool. to wit, Robert Pool, Williams Pool and this defendant. This defendant further states that he has been informed and believes, that his said father died shortly after the above sale and that since his death the said Abraham Petty Pool hath often declared that he purchased the said Negro Slaves for the benefit of the children of the said Seth Pool. That at the time of the purchase made by the said Abraham Petty Pool, this defendant and his brothers were very young (the eldest not being now more than thirty years of age) and when informed of their rights supposed that the said Abraham Petty Pool would as soon as they should arrive at age, comply with what he had said and deliver to them the said Negroes and their increase. This defendant charges and so believes the fact to be that from the

hire of the said negro slaves, so sold as aforesaid the said Abraham Petty Pool hath received much more than the amount he has was advanced for this defendants father the said Seth Pool.

This defendant further states that Robert Pool this defendants brother hath applied to the said Abraham Petty Pool on his own and his brothers behalf to deliver over to him the negro slaves purchased as aforesaid, with their increase which the said Abraham Petty Pool refused to do. That this defendant is informed and believes that the said Abraham Petty Pool with the fraudulent intention of defeating this defendants and his brothers' claim to the said negro slaves purchased as aforesaid and their increase, has given to his son Moses Petty Pool the negro slaves in the Bill mentioned, without his paying therefor any valuable consideration, the said Moses well knowing the right of this defendant and his brothers to the same, and ~~that~~ the Complainant has made a purchase hath purchased the negro slaves in Bill mentioned, with the full knowledge of their being in the possession of this defendant and of his and his brothers claim thereto. This defendant believes that the office of the Clerk of the Court of Claremont county was destroyed as in Bill mentioned but knows not whether the Execution ~~therein~~ mentioned was destroyed in it. and denies that Complainant ever requested him to deliver up the negro slaves in the Bill mentioned. And this defendant denies all and all manner of combination and confederacy wherewith he stands charged in and by the said bill of complaint. without that, that there is any other matter or thing material or necessary for this defendant to make answer unto, and not herein and hereby well and sufficiently answered unto, confessed and avoided, traversed or denied is true. All which matters and things this defendant is ready to aver and prove, as this honorable Court shall direct and award, and humbly prays to be hence dismissed, with his reasonable costs and charges in this behalf most wrongfully sustained.

I here by certify that some time in the year 1782, to the
best of my recollection, I was Seth P. Pools Security to the adm-
inistrators of the Estate of Robert Riley, for a sum which
I believe to be, between thirty and forty Pounds Sterling, —
about 1791 or 92 the Obligation were put in Sute against
Seth P. Pool & my self and judgement obtained. in a
short time after Seth P. Pool died, the execution was
levied on my Property and I had the debt and Cost to
pay, which to the best of my recollection was fifty
Pounds three Shillings and twopence Sterling —
Some time after this I applied to Abraham P. Pool
Brother of Said Seth Pool to know if I could git any
thing for this money Paid on his Brothers Account
he said his brother died insolvent and that he had Nothing
in his hands that belonged to his Brother —
but after Considering farther on the business said it was hard
that I should pay so much Money on account of his
Brother and git nothing for it, and Agreed to give me
a small Negro girl I Suppose about 10 or 11 years of age
which I excepted, and gave him up the Note and other
papers reletive to the Sute — he giving me a
bill of sale for the Negro —

Decree

In this case the Wife of the Complt filed a bill against him for alimony the case was left to arbitration returned an award that the Wife should be entitled to the services of the negro girl in dispute during life & after her death she was to return to the husband Halford. — The Wife is dead & defts are charged by the bill with having run off with the Negro. Pool who is charged as a particeps, being taken under a ne exeat & unable to give Security, was committed to gaol; the other deft England has put in his Answer & denied the fact alledged of running off the Negro. —

Pool the first Witness called against him states" that he sold the negro to one Whitson & Whitson being indebted to England the father, let him have her in payment & that he made a bill of Sale for her to England the elder & delivered her to him & his son but never received any money for her. England the deft had possession of the negro, read the bond & knew how she was to go after the death of Mrs Halford & he drew the bill of Sale for Witness. England the elder carried off the negro & is dead & England the deft always said he could get her back till now. Witness had nothing to do with her after England the father & son took her & they were to have given him a bond of indemnity for what he did but failed. —

The Witness Broadway states that deft England told him Pool had sold the negro to Whitson & Whitson to England the father that he expected a suit would be brought against him as administrator of his father for the negro & he would be put to trouble & cost. He wished Pool to go out and get his money for the negro, & he would rather have the case settled than to have one hundred Dollars.—

Deft England seemed to think himself under obligation to help Pool out of his difficulties. The right of Complt to the girl was generally known & he thinks deft England knew it. The girl at that time was worth 4 or $500.—

On his cross examination he said "Defts England seemed to think Pool would sue Whitson from whom he received nothing & Whitson would sue his fathers estate. That Whitson owed his father & gave the girl in payment. Smith another Witness deposes "that he saw the negro girl at Mr Barwick's the house where defendant England lived for three or four Weeks & she disappeared when old England went away.— The arbitration was a public matter and generally known & deft England must have known it as he resided in the neighborhood & was intimate with Pool. Witness once offered Pool a bet of $100 that the girl could not be produced in ten days & deft England to whom he was not addressing himself stepped up & asked him if he would bet $100 that she could not be produced in twenty days. Here the evidence closed & none was offered for the deft England. The testimony of Pool was not impeached. — It was insisted by the counsel of the deft England that if he is liable it is only as admor. and not in his individual capacity. It would

have been easy to have ordered the bill to be amended but the context of the evidence I think plainly points him out as a particeps in attempting to defraud Complt. out of the negro girl. That of Pool goes positively to shew he had possession of the girl & that of Smith that she was at the house where England lived for three or four weeks is a circumstance strongly corroborating it. His offer of a bet & anxiety about having the case settled are other circumstances to shew that he well knew where to find the negro & could get her back & that he was interested in her. Under these considerations I place no reliance upon the answer. It is therefore decreed that the deft. England make a specific delivery of the said negro girl to the complt. or that if he fail so to do in three months from the hearing hereof that he do pay her value and hire which is referred to the Commissr. to be ascertained. Also that deft. England do pay the costs —

or Sale of land -

Answer of Defendants -

William M. Poole & Emma J. Poole his wife defendants in the above stated Petition answering the same say

1. They admit the facts alleged in said Petition to be true - that the title of the lot of land described in the Petition is in the parties therein named & that they are entitled to have partition thereof in the proportions set forth - but that the same cannot be partitioned in parcels, but will in justice to the parties have to be sold & the proceeds divided in like proportions -

2. And the said Emma J. Poole further says that she is entitled to have refunded to her out of said lot or any sale thereof & before any partition thereof, the sum of one hundred & fifty dollars advanced by her & paid upon Executions for taxes on said lot & to redeem the same under sale thereof made under Executions for taxes to the State of South Carolina And also that she is entitled to have assigned & paid to her the share of Martha E. McLeary in said lot, the said Martha E. having

conveyed by deed to these defendants her undivided share in said lot of land.

Wherefore these defendants pray that upon partition of said lot or the proceeds of the sale thereof there be assigned & paid to Emma E. Poole the sum of one hundred & fifty dollars & also to each of these defendants one sixth (1/6) & one fourth of one half of one sixth (1/4 of 1/2 of 1/6) of the same.

XIX. INDEX TO THE GOVERNORS PAPERS, CUYLER COLLECTION, 1756-1786

The Telamon Cuyler Collection of Special Collections, University of Georgia Libraries, contains some 50,000 loose original government records. Everything imaginable in documents from every part of Georgia can be found in these papers from roughly 1733 to 1866. This collection is organized partially by county, partially by state agency, and partially by governor. Of the latter, there is an index to the letters, petitions, etc. sent to Georgia governors from 1756 to 1786, an important period in the settlement of Georgia. Reproduced below are the names from that index as prepared by Robert M. Willingham, Jr. For complete citations to or copies of documents, write to Special Collections, University of Georgia Libraries, Athens, GA 30602. Be sure to mention you used this index and that it refers to the Telamon Cuyler Collection, MS1170.

XXVII. 600 GEORGIA REBELS (BIOGRAPHIES)

Sometime after 1900 the publishers of Clement Evans' series Confederate Military History reissued their unsold volumes with special biographical additions. Volume six, which covered Georgia and was written by Joseph T. Derry, included more than 600 biographical sketches of Georgia Confederate veterans. Many of these sketches are rich in genealogical information that often spans generations.

The Broadfoot Publishing Company of Wilmington, Del. has reprinted the special biographical edition of Confederate Military History although in the new edition, Georgia is now volume seven. A copy of the original edition (volume six) is in the University of Georgia Libraries while the new edition is at the Georgia Department of Archives and History (Volume seven, E-545-E92). The new edition has a two volume cumulative index to the whole series. Among the other values of Confederate Military History are the brief histories of most of the Confederate units. Also see Joseph R. Crute, Jr. Units of the Confederate States Army (Midlothian, VA: Derwent Books, 1987).

PREFACE

The Legal Notices of various types from early Georgia newspapers found in this book originally appeared in the "Georgia Genealogical Magazine" between 1961 and 1970 when it was edited by the late Honorable Folks Huxford, F.A.S.G., Homerville, Georgia.

Judge Huxford abstracted most of these records from microfilm copies available to him at that time, and some may have been copied from the original newspapers themselves.

Some of the newspapers were published for brief periods of time, while others continued in publication for many years after the records which were used in this book.

It had been suggested by several persons that instead of publishing these as excerpted from the "Georgia Genealogical Magazine," I have someone go back and abstract additional records where such were available for the various newspapers. This, however, did not prove to be a workable solution.

The University of Georgia in Athens has compiled a quite accurate list of all the newspapers that were published in Georgia for their particular time period and gives references to where microfilm copies of said newspapers might be viewed.

Washington County: List of Tax-defaulters for the year 1811, published in issue of Aug. 7, 1811, and succeeding issues. (Note: As previously explained, this is not a list of those who failed to pay their taxes, but rather of those who failed to make returns (or listing) of their property for taxation. Such failure could have been due to a variety of reasons, such as death, removal from county, oversight or neglect; in the early years, in those days when people were frequently moving on to some new county that had just been opened to settlers, most of those listed as tax-defaulters had moved from the county. The names of such defaulters were obtained by checking the current year's returns with the tax-digest of the year before. Publication of such lists were discontinued years ago.)

Those not arriving until the third day: From Chatham County, Josiah Tattnall, Thomas Gibbons; and from McIntosh County, Henry Dussex Stone.

ACKNOWLEDGEMENTS

To my son, Dewey W. Huggins, Jr., for typing both Volumes III and IV; purchasing a Zenith Computer capable of indexing these volumes; entering them into the computer; printing them; and spending countless hours in the endeavor, my most grateful thanks.

Also, to my grandson, Dewey Wesley Huggins, III, for his unwavering assistance in driving many countless miles from the eastern portion of North Carolina to assist in solving problems with the computerizing of these indices, I offer my thanks.

Finally, and certainly not least, to my other grandson, Lt. James (Jim) Wiley Huggins (currently stationed in Colorado Springs, Colorado) for his expertise and long distance advice to both his father and brother when computer problems arose and a need for additional advice was needed, my thanks.

Both Wesley's wife, Joanna, and Jim's wife, Susan, have been most understanding and supportive in these assistances.

UNITED STATES CENSUS

RUTHERFORD COUNTY TENNESSEE
1820

This is copied from the microfilm of the 1820 census of Rutherford County, Tennessee. The name of the head of the household is given but the other members of the family and slaves are listed in age and sex groups. The head of the household is included in the count number. These groups are males; to 10 years, 10 to 15, 16 to 18, 16 to 25, 26 to 44, 45 and up; females; to 10, 10 to 15, 16 to 25, 26 to 45, 45 and up. Slaves. The number following the name gives these listings. Example: Caleb Anderson- 200001/20010/3 - this would be - males; 2 under 10years, 0 of 10 to 15, 0 of 16 to 18, 0 of 16 to 25, 0 of 26 to 44, 1 of 45 and up; Females- 2 under 10, 0 of 10 to 15, 0 of 16 to 25, 1 of 26 to 45, 0 of 45 and up. 3 Slaves. The first page has several blots and the names are very difficult where the pages are joined. * indicates the reading of the name is uncertain. ** indicates the subject was foreign born and was not a naturalized citizen at the time of taking the census. This census was listed by James Neely.
